SIGMA INVESTMENT HOUSE FCP - Brightgate Global Income Fund - Class F INTENDED FOR RETAIL AND INSTITUTIONAL INVESTORS (ISIN:LU1984948874)

a Sub-fund of SIGMA INVESTMENT HOUSE FCP

This fund is managed by Andbank Asset Management Luxembourg

Objectives and Investment Policy

- The Investment Objective of the Sub-Fund is to provide a mid-term growth through an actively managed well-diversified portfolio of primarily fixed-income and fixed income related instruments with a global geographic and multi-sector focus.
- The Sub-Fund is mainly invested in bonds (including high yield bonds (up to 100% of the Sub-Fund net assets), fixed-rate or floating securities, zero-coupon bonds and treasury bonds) with no particular rating. However, depending on market conditions, investments may be focused on one country and/or one geographical area and/or one sector of economic activity and/or one currency only.
- Moreover, the Sub-Fund may invest up to 10% of its net assets in equities.
- The Sub-Fund may invest up to 20% of its net assets in structured securities such as asset backed securities ("ABS"), mortgage backed securities or collateralized obligations with a pay-off linked to the relevant markets rather than actually investing in the markets.
- The Sub-Fund is actively managed without reference to a benchmark.
- The Sub-Fund may use financial derivative instruments for hedging and for investment purposes. The types of derivatives may include, such as but not limited to futures, options, and forwards on any eligible underlying, such as currencies (including non-delivery forwards), interest rates, transferable securities, a diversified basket of Transferable Securities, financial indices (including volatility indices).
- Unitholders may redeem units on demand, on a daily basis.
- Notwithstanding the above provisions and if justified by the Investment Manager's expectations or exceptional market conditions, the Sub-Fund may invest up to 100% of its net assets in cash and cash equivalents such as (but not limited to) money market instruments, government bonds (and/or money market UCITS/UCI).
- The Sub-Fund may achieve also its investment objective indirectly, by investing through UCIs/UCITS, including ETFs, issued or dealt on the Eurozone and other international regulated markets. In any case, the Sub-Fund shall not invest more than 10% of its assets in units of UCITS or other UCIs.
- The aforementioned investment strategy corresponds for the investors with a high investment risk profile.
- Non-distributing units: any income generated by the Sub-Fund is reinvested.
- Please note that transaction costs may have material impact on performance.
- This financial product does not promote environmental or social characteristics and does not have as its objective a sustainable objective.

Risk and Reward Profile

- Historical data used may not be a reliable indication of the future risk profile of the Sub-fund.
- This category is not guaranteed to remain unchanged and may shift over time.
- The lowest class does not mean that the investment is risk free.
- This fund was categorised in risk class 4 because, in accordance with the investment policy, the value of the investments may fluctuate moderately. Consequently, both the expected return and the potential risk of loss may be average. This indicator is based on the historical weekly volatility of Euro Overnight Index Average over the past 5 years and places the sub-fund in this category.

The Sub-fund is subject to the following risks:

- **Credit risk:** the Fund invests in securities which are exposed to the risk that the issuer will be unable to meet its repayment obligations. The credit rating and risks associated with such securities can change over time and therefore affect the value of the investments.
- **Liquidity risk:** Securities may become less liquid during extreme market conditions and it may be difficult for unitholders to get redemption proceeds in a timely manner.
- **Counterparty risk:** Risk that the counterparty to mutually agreed contracts does not meet its obligations.
- **Operational risk:** Risk of material loss resulting from human error, technical faults, inappropriate procedures or controlling.
- **Use of derivatives:** The Sub-fund invests in derivatives for hedging and other investment purposes, increasing or reducing exposure to underlying assets.
- **Currency risk:** Investments in securities denominated in currencies other than the Sub-fund's Base Currency may be subject to adverse fluctuation in currency exchange rates.
- **Duplication of certain fees and expenses:** Where investments are made in other funds, this might result in duplication of certain fees and expenses for investors. Investors are also subject to potential risks associated with such funds.
- **Market risk:** The value of assets in the Portfolio is typically dictated by a number of factors, including the confidence levels of the market in which they are traded.
- **Sustainability risks:** Risk of the occurrence of an environmental, social or governance event or condition that could cause an actual or a potential material negative impact on the value of the investment
